Organica Bio-Gypsum 3 Phase

- **Premium quality 1-2 µm Micro- and soluble Calcium**
- **Immediate supply of biologically sound Calcium in highly available form due to unique digestion process**
- Unique biologic suspension agent guaranteed not to settle
- Rapidly replenishes lost Calcium
- Also contains Nitrogen, Phosphorous, Magnesium, Silica, natural plant hormones, Vitamin B1, sea minerals
- High analysis source of naturally derived plant stimulants and macro and micro nutrients
- Not hydrolysed; no acid or alkali used
- Contains beneficial micro-organisms
- Promotes root and foliage growth
- Improves seed germination

Calcium 70% W/V
32% Immediately Available

Ideal for Fruit and Vegetable Crops, Fruit Trees,Vines, Broadacre Crops,Turf and Pasture

Australian Organic Registered Farm Input No. 442

Bio-Gypsum is a sound high analysis source of Calcium, finely balanced Macro and Micro nutrient, Nitrogen for faster uptake, Sulphur, Potassium, Silica, Sea minerals and Calcium digesting Micro-organisims. Bio-Gupsum is an excellent extended Calcium release fertiliser produced using a Pat. appl. digestion process stimulating the release of much higher levels of Calcium achieved using Ag Lime applications. NOTE: Research has proven scientifically, 20-25 litres of Bio Gypsum will provide as much immediate Calcium as 2-2.5 tonnes of Ag. Lime per Ha. ….

DIRECTIONS FOR USE:

Pre-plant:	**10 L/Ha**
Fertigate:	**1:200 with min 20L / Ha**
Foliar:	**5 ml. per litre**
Boom spray:	**25L –50L in 100L water per Ha**
Severe Calcium deficiency :	**- use 50L /Ha .Will Not Burn**

Typical Analysis W/V:

Nitrogen as conc. organic liquid	1 %
Phosphorous - water soluble	0.25 %
Potassium – organic	0.064 %
Magnesium	0.35%
Sulphur – organic	0.05 %
Calcium -% W/W Plant available	65 %
Iron	0.17 %
Manganese	0.02 %
Zinc	0.002%
Boron	0.0012%
Iodine	0.001 %
Silica	0.45 %
Rare Earth Minerals	0.005 %
Fulvates – organic	0.1 %
Humates	0.01 %
Alginates	0.05 %
Vitamin B1	0.05 %
Sugars – micro-feed	0.2 %
Kelp – kelp extracts	0.4 %

Final Filtered to 5 microns

Attention: This product is biologically active!!*Store in a cool place out of direct sunlight!*Do not mix with Acids Phosphate and or Sulphate products!

BATCH ID:

Exclusion of liability: This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use and performance of this product.
