Organica Trico-Bacillus Soil

Microbial Soil Inoculant

Increases Nitrogen Fixation
Nutrient Rich Microbial food Source
Ideal for Fruit and Vegetable Crops, Fruit Trees and Vines, Sugar Cane Sets, Compost and Potting Mix Broad Acre Crops Hydroponic Crops

- Contains a huge diversity of important soil fungi and bacteria
Includes billions of Trichoderma and Bacillus spp. Inc. Bacillus Subtilis , Pumilus,*Azobacter, *Nostoc spp, Calcium and Phosphorous digesters Rhyzobactor
- Nutrient rich formula introduces and feeds a broad spectrum of micro-organisms
- Contains multiple N-fixing Rhyzobactors microbes for enhanced Nitrogen fixation
- Reducing Nitrogen volatilisation permitting lower applications of N
- Contains rare earth minerals and trace elements essential for soil biology
-Contains Silica for improved microbe health, fruit quality and shelf life

Exclusion of liability: This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use

Certified Allowed Farm Input
No. 442

DIRECTIONS FOR USE:
(for soil application only)

Pre-plant:	**5-10 L/ha**
Fertigate:	**1:500. Max 10L/Ha**
Boom/soil spray:	**10L/ 100 L water /Ha.**

DO NOT USE A WETTING AGENT.
NOT DESIGNED FOR
FOLIAR APPLICATION

Attention: This product is

Typical Analysis W/V:

Nitrogen as conc. organic Amino Acids	3.0 %
Phosphorous -	1.25 %
Potassium – organic	3.0 %
Humates and Fulvates	10.1 %
Sulphur – organic	1.25 %
Calcium - water soluble	0.2 %
Iron	0.87 %
Manganese	0.1 %
Zinc	0.02%
Boron	0.0012%
Iodine	0.01 %
Silica	1.02 %
Rare Earth Minerals	0.005 %
Fulvates – organic	0.65 %
Alginates	0.7 %
Vitamin B1	0.005 %
Sugars – microbe -feed	6.00 %
Kelp – kelp extracts	0.5 %
Cytokinins (from Kelp) 4micrograms/L	
Auxins (from Kelp) 3micrograms/L	
Final Filtered to 100 microns	

Can Be mixed with most Nitrogen fertilisers (Not Nitrates!)
