Ganixx-Bio

Liquid Calcium

ORGANICA AUSTRALIA P/L

- **Premium quality 1-2 µm Calcium Carbonate**
- **Immediate supply of biologically sound Calcium in highly available form due to unique digestion process**
- Unique biologic suspension agent guaranteed not to settle
- Rapidly replenishes lost Calcium
- Also contains Nitrogen, Phosphorous, Magnesium, Silica, natural plant hormones, Vitamin B1, sea minerals
- High analysis source of naturally derived plant stimulants and macro and micro nutrients
- Not hydrolysed; no acid or alkali used
- Contains beneficial micro-organisms
- Promotes root and foliage growth
- Improves seed germination

Calcium 32%

Immediately Available

Ideal for Fruit and Vegetable Crops, Fruit Trees,Vines, Broadacre Crops,Turf and Pasture

Australian Organic Registered Farm inputnput No. 442

Bio-Calcium is a sound high analysis source of Calcium, finely balanced macro and micro nutrients, Nitrogen for faster uptake, Sulphur, Potassium, Silica, Sea minerals and Calcium digesting micro-organisms. Bio-Calcium is an excellent extended Calcium release fertiliser produced using a Pat. appl. digestion process stimulating the release of much higher levels of Calcium than can be achieved using Ag Lime applications. NOTE: Research has scientifically proven that 20-25 litres of Bio-Calcium will provide as much immediate Calcium as 2-2.5 tonnes of Ag. Lime per Ha.

DIRECTIONS FOR USE:

Pre-plant:	**5-10 L/Ha**
Fertigate:	**1:200 with max 20L / Ha**
Foliar:	**500ml/100L water.**
Boom spray:	**10-25L in 100L water per Ha**
Severe Calcium deficiency : - use 20-25L/Ha	

Typical Analysis W/V:

Nitrogen as conc. organic liquid	1 %
Phosphorous - water soluble	0.25 %
Potassium – organic	0.064 %
Magnesium	0.35%
Sulphur – organic	0.05 %
Calcium - water soluble	32 %
Iron	0.17 %
Manganese	0.02 %
Zinc	0.002%
Boron	0.0012%
Iodine	0.001 %
Silica	0.45 %
Rare Earth Minerals	0.005 %
Fulvates – organic	0.1 %
Humates	0.01 %
Alginates	0.05 %
Vitamin B1	0.05 %
Sugars – micro-feed	0.2 %
Kelp – kelp extracts	0.4 %
Final Filtered to 50 microns	

Exclusion of liability: This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use and performance of this product.
