Liquid Ganixx-Bio-Dolomite

ORGANICA AUSTRALIA P/L

- **Premium quality 1-2 µm Calcium Magnesium Carbonate**
- **Immediate supply of biologically sound Calcium & Magnesium in highly available form due to unique digestion process**
- Unique biologic suspension agent guaranteed not to settle
- Rapidly replenishes lost Calcium and Magnesium
- Also contains Nitrogen as aminos, Phosphorous, Silica, natural plant hormones, Vitamin B1, sea minerals
- High analysis source of naturally derived plant stimulants and macro and micro nutrients
- Not hydrolysed; no acid or alkali used
- Contains beneficial micro-organisms
- Promotes root and foliage growth
- Improves seed germination

Exclusion of liability: This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use and performance of

Calcium 32% Magnesium 12%
Immediately Available

Ideal for Fruit and Vegetable Crops, Fruit Trees, Vines, Broadacre Crops, Turf and Pasture

ACO Certified Allowed Input No. 442

Bio-Dolomite is a sound high analysis source of Calcium and Magnesium, finely balanced macro and micro nutrients, Nitrogen for faster uptake, Sulphur, Potassium, Silica, Sea Minerals and Calcium digesting micro-organisms. Bio-Dolomite is an excellent extended Calcium release fertiliser produced using a Pat. appl. digestion process stimulating the release of much higher levels of Calcium than can be achieved using Ag Lime applications. NOTE: Research has scientifically, proven that 20-25 litres of Bio-Dolomite will provide as much immediate Calcium as 2-2.5 tonnes of Ag. Lime per Ha.

DIRECTIONS FOR USE:

Pre-plant:	**5-10 L/Ha**
Fertigate:	**1:200 with max 20L / Ha**
Foliar:	**500ml/100L water.**
Boom spray:	**10-25L in 100L water per Ha**

Distributed by

5 L	20 L
200 L	1000 L

Manufactured by
Organica Australia Pty Ltd.
Brisbane, QLD
Ph: 07 3290 5440

Typical Analysis W/V:

Nitrogen as conc. organic liquid	1 %
Phosphorous - water soluble	0.25 %
Potassium – organic	0.064%
Magnesium	12.35%
Humates	0.010 %
Sulphur – organic	0.05 %
Calcium - water soluble	32 %
Iron	0.17 %
Manganese	0.02 %
Zinc	0.002%
Boron	0.0012%
Iodine	0.01 %
Silica	3.45 %
Rare Earth Minerals	0.005 %
Fulvates – organic	0.10 %
Alginates	0.45 %
Vitamin B1	0.05 %
Sugars – micro-feed	0.2 %
Kelp – kelp extracts	0.4 %
Final Filtered to 50 microns	

Attention: This product is biologically active!!Store in a cool place out of direct sunlight! Do not mix with Acids.
