ORGANICA

Ganixx-Bio-Gypsum

ORGANICA AUSTRALIA P/L

- **Premium quality 1-2 µm Calcium sulphate**
- **Immediate supply of biologically sound Calcium & Sulphur in highly available form due to unique digestion process**
- Unique biologic suspension agent guaranteed not to settle
- Rapidly replenishes lost Calcium and Sulphur
- Also contains Potassium, Silica, natural plant hormones, Vitamin B1, sea minerals
- High analysis source of naturally derived plant stimulants and macro and micro nutrients
- Not hydrolysed; no acid or alkali used
- Excellent Sodium blocker
- Contains beneficial micro-organisms
- Promotes cellular growth of roots and foliage
- Improves seed germination
- Sulphur content reduces N volatilisation

Exclusion of liability: This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use and performance of this product.

Immediately Available Calcium & Sulphur

Rapidly Replenishes Lost Calcium. Naturally Digested.
Ideal for Fruit and Vegetable Crops, Fruit Trees, Vines,

Organic Certified Allowed Input No. 442

Bio-Gypsum is a sound high analysis source of Calcium, and Sulphur, finely balanced Macro and Micro nutrient, Nitrogen for faster uptake, Sulphur, Potassium, Silica, Sea minerals and Calcium digesting Micro-organisims. Bio-Calcium is an excellent extended Calcium release fertiliser produced using a Pat. appl. digestion process stimulating the release of much higher levels of Calcium achieved using Ag Lime applications. NOTE: Research has proven scientifically, 20-25 litres of Bio Gypsum will provide as much immediate Calcium as 2-2.5 tonnes of Ag. Lime per Ha. ….

DIRECTIONS FOR USE:

Pre-plant:	**5-10 L/Ha**
Fertigate:	**1:200 with max 20L / Ha**
Foliar:	**500ml/100L water.**
Boom spray:	**10-20L in 100L water per Ha**

Distributed by

5 L	20 L
200 L	1000 L

Manufactured by
Organica Australia Pty Ltd.
Brisbane, QLD
Ph: 07 3290 5440

Typical Analysis W/V:

Nitrogen as conc. organic liquid	1 %
Phosphorous - water soluble	0.25 %
Potassium – organic	0.064 %
Humates	0.010 %
Sulphur – total - immed.available	12.0 % 3.0%
Calcium - water soluble	32 %
Iron	0.17 %
Manganese	0.02 %
Zinc	0.002%
Boron	0.0012%
Iodine	0.001 %
Silica	0.45 %
Rare Earth Minerals	0.005 %
Fulvates – organic	0.10 %
Alginates	0.045 %
Humates	**0.01%**
Vitamin B1	0.005 %
Sugars – micro-feed	0.2 %
Kelp – kelp extracts	0.04 %
Final Filtered to 50 microns	

Attention: This product is biologically active!! Store in a cool place out of direct sunlight! Do not mix with Acids !
